Mediterranean terrace at the back

About the Latin School

Since 2002, Restaurant Rhodos has been a well-known and trusted name in Steenwijk and the surrounding area.

Rhodos Steenwijk is located in a beautiful historic building, which served as a Latin school between 1628 and 1742. The school was founded through a legacy left by canon Harmen van Swinderen, who passed away in 1560.

At our restaurant, you can enjoy a warm Mediterranean atmosphere, quality wines, and traditional dishes that are freshly prepared for you every day. Everyone is warmly welcome. Our restaurant is the perfect place for a pleasant evening with friends, family, or your loved one. Many special moments have already been shared here, and we look forward to creating many more together with you.

In addition, we are an official wedding venue and also cater for (small) parties, weddings, on-location catering, bachelor and bachelorette parties, business dinners, private dining, and our popular musical dinner shows with changing themes. You can also order your favorite dishes for takeaway or home delivery.

For more information, please visit www.delatijnseschool.com or ask our staff.

We wish you a pleasant and tasteful evening!

Team Rhodos Steenwijk
